SUMMARY OF INFORMATION

Individual seems to be in a meeting or in a series of meetings. There is quite a bit of activity around the individual and he or she is surrounded by a lot of people. There is an older woman involved in this scenario. It seems as though the individual wants to come out and say something or wants something to be known. The meetings are not clandestine.

The individual was successful in the recent past but now seems to be blocked by what he or she wants.

News media is involved with the individual.
